

BUILT TO SCALE FROM DAY ONE

HOW HOYAL & ROACH SEAMLESSLY GROW THEIR CASELOAD

"HRLG was founded last year, and from the beginning we knew we needed systems in place that could support growth without slowing attorneys down. Casefriend was part of our firm on day one."

Jeremy Roach, Founding Partner, HRLG Law Group

REAL RESULTS AT HRLG

- Scaled **rapidly** without operational strain
- Maintained **consistency across files and users** from day one
- Faster preparation for **settlement authority and claim reviews**
- Confident answers on inherited files

INSTANT CLARITY

"Casefriend is incredibly helpful, especially when I'm not the attorney who took the deposition. I can read the summary and usually find exactly what I'm looking for right away."

FASTER SMARTER SETTLEMENT AUTHORITY REQUESTS

"I use Ask Caisey all the time when preparing settlement authority requests. One of our clients requires extremely detailed submissions with nuanced information that isn't always obvious or easy to recall."

"Casefriend helped us grow quickly without losing control of the details. It's the kind of system you want when starting a new firm."
